

## Internal Quality Assurance Committee

As a quality maintenance strategy, every institution should set up an internal quality assurance cell (IQAC). The IQAC will integrate into the institution's system and work to achieve the objectives of quality enhancement and sustenance because quality improvement is a continual activity. The main goal of the IQAC is to create a system for consciously, consistently, and catalytically improving institutions' overall performance.

**IQAC – Vision** To ensure quality culture as the prime concern for the Higher Education Institutions through institutionalizing and internalizing all the initiatives taken with internal and external support.

M1: Our primary goal is to deliver high-quality instruction in engineering and technology using cutting-edge facilities and efficient teaching and learning techniques.

M2: To help students develop their skills, values, and ethics so they can become professionals.

M3- To offer chances for students to grow in their social responsibility and understanding of the environment through a variety of co-curricular and extracurricular activities.

### **Objective**

The primary aim of IQAC is

To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.

To promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.

Composition of IQAC
